

CAPELLA★STARWAY

Bespoke Mastering Services

Before we begin to work on your project please work through the checklist below as you are gathering your files to send to us.

These items are essential in order to give you the best results. So, please be sure that they are complete before sending.

Checklist

1. all files must be in at least 44.1 kHz format, and at least 24 bit.....
2. all files must be either WAV or AIFF file format. no MP3s.....
3. all reference mixes must be “high quality” MP3s.....
4. all files must have at least -6db of headroom.....
5. please remove all limiters or compressors from your master buss. (excluding reference masters).....
6. have all individual tracks edited with clean fades, as we aren’t responsible for any cuts or pops within the master when the problem exists in the individual track.....
7. leave some room at the beginning & end of the song to give us some room to work with fades.....
8. do not send session files, only WAV files.....
9. when all the files are ready to be sent, please compress the files into 1 folder, and send to **hello@capellastarway.com** using WeTransfer.com or via your client account at www.capellastarway.com
